

Community Partners Network

Join a national network that amplifies your voice, connects you with trusted experts, and equips you with ready-to-use resources to make a bigger impact on mental health and substance use in your community.

Partnership to End Addiction's Community Partners Network

Partnership to End Addiction is a national nonprofit that improves outcomes for adolescents and young adults by empowering the adults who support them. Our Community Partners Network convenes nonprofits nationwide, providing resources and monthly collaboration opportunities that members can use to strengthen their programs.

Our Partners Benefit from:

- First-look access to new resources from the Partnership
- Monthly webinars led by national experts in mental health, substance use, and related fields
- Networking sessions by topic areas like prevention, treatment, Spanish-language services, advocacy, and tribal/Native American services
- Resource hub with downloadable ready-to-share materials in English and Spanish
- The opportunity to get notified about, or partner on, grants and funding initiatives
- Membership badge to display your affiliation with a nationally recognized leader in prevention and treatment on your website and in materials
- Listing on our website, which receives millions of annual visits
